

CERIC seminars Spring 2015

The seminars will be located in the CMM Lecture Hall (L8:00). All seminars are Fridays from 15:00-16:00 with refreshments served both before and after the seminar.

January 16th CMM Lecture Hall (L8:00)

Speaker: Lars Maegdefessel, Cardiovascular Genetics and Genomics, Karolinska Institutet

Title: *Translational aspects of therapeutically modifying non-coding RNAs in cardiovascular disease*

Host: Göran Hansson

January 23rd CMM Lecture Hall (L8:00)

Speaker: Robert Gniadecki, University of Copenhagen

Title: *MicroRNA in cutaneous T cell lymphoma*

Host: Mona Ståhle

January 30th CMM Lecture Hall (L8:00)

Speaker: Gerald McInerney, Department of Microbiology, Tumor and Cell Biology, Karolinska Institute

Title: *Cellular stress responses to virus infection and viral countermeasures*

Host: Stephen Malin

February 6th CMM Lecture Hall (L8:00)

Speaker: Rickard Sandberg, Department of Cell and Molecular Biology, Karolinska Institute

Title: *Single-cell RNA-sequencing: technical challenges and applications to allele-specific expression analyses*

Host: Vivianne Malmström

February 13th CMM Lecture Hall (L8:00)

Speaker: Falk Hiepe, Charité Universitätsmedizin Berlin, Medical Department, Division of Rheumatology and Clinical Immunology

Title: *Is autoreactive immunologic memory the key to curing autoimmunity?*

Host: Helena Erlandsson Harris

February 20th CMM Lecture Hall (L8:00)

Speaker: Martin Rottenberg, Department of Microbiology, Tumor and Cell Biology, Karolinska Institute

Title: *STATs and SOCS in infection with Tuberculosis*

Host: Birgitta Agerberth

February 27th CMM Lecture Hall (L8:00)

Speaker: Georg Schett, Institute for Clinical Immunology at the University of Erlangen

Title: *The link between autoimmunity and bone loss*

Host: Lars Klareskog

March 6th CMM Lecture Hall (L8:00)

Speaker: Lars Fugger, Weatherall Institute of Molecular Medicine, University of Oxford

Title: *Multiple sclerosis. A restless feeling*

Host: Tomas Olsson

March 13th No Seminar

March 20th MBB, Large Seminar Room on the 3rd floor (Stora Seminarierummet, A2:319)

Speaker: Mats Wahlgren, Department of Molecular, Tumor and Cell Biology, Karolinska Institute

Title: *Molecular background to severe malaria: development of therapy*

Host: Jesper Haeggström

No Seminar – CERIC retreat

April 3rd No Seminar

Långfredagen

April 10th CMM Lecture Hall (L8:00)

Speaker: Hisakata Yamada, Kyushu University

Title: *Which T cell subsets drive synovial inflammation in rheumatoid arthritis?*

Host: Rikard Holmdahl

April 17th CMM Lecture Hall (L8:00)

Speaker: Abul Abbas

Title: *Generation and maintenance of peripheral regulatory T cells*

Host: Helena Erlandsson Harris

April 24th CMM Lecture Hall (L8:00)

Speaker: Gunther Hartmann, University of Bonn

Title: *DNA immunity*

Host: Helena Erlandsson Harris

May 1st No Seminar

May 8th CMM Lecture Hall (L8:00)

Speaker: Kendall Smith from Cornell and/or Ellis Reinherz from Harvard

Title: *Understanding the Molecular Mechanisms of Adaptive Immunity: Impact on Medicine*

Host: Göran Hansson

May 15th No Seminar

Klämdag efter Kristi Himmelfärdsdag

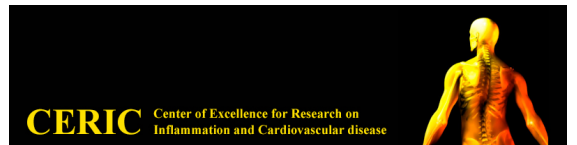

May 22nd No Seminar

May 29th CMM Lecture Hall (L8:00)

Speaker: Erez Lieberman Aiden, Department of Genetics, Baylor College of Medicine

Title: *A 3D Map of the Human Genome at Kilobase Resolution Reveals Principles of Chromatin Looping*

Host: Jesper Tegnér

June 5th CMM Lecture Hall (L8:00)

Speaker: John Swart, Exemplar Genetics

Title: *Genetically engineered miniature swine models of human disease: The next step toward a translational model*

Host: Lars Maegdefessel
