

## CERIC seminars Fall 2013

The seminars will be located in the CMM Lecture Hall (L8:00). All seminars are Fridays from 15:00-16:00 with refreshments served both before and after the seminar.

August 30th CMM Lecture Hall (L8:00)

Speaker: Liv Eidsmo, Dermatology Unit, Karolinska Institute

Title: *Epidermal Th22 and Tc17 cells form a localized disease memory in clinically healed psoriasis*

Host: Mona Ståhle

September 6th CMM Lecture Hall (L8:00)

Speaker: Anders Malarstig, Director Pfizer WRD, Pharmatherapeutics Precision Medicine

Title: *Drug Development in Chronic Inflammatory Disorders -human genetics for target and indication confidence*

Host: Per Eriksson

September 13th CMM Lecture Hall (L8:00)

Speaker: Stefano Romeo, Wallenberg Laboratory, Sahlgrenska Academy, University of Gothenburg

Title: *A new paradigm in human genetics: a common mutation for a rare disease*

Host: Göran Hansson

September 20th No Seminar (CERIC/CVP retreat)

September 27th CMM Lecture Hall (L8:00)

Speaker: Nicholas J. Leeper, Department of Surgery, Stanford University

Title: *The role of the 9p21 candidate gene CDKN2B in vascular disease*

Host: Lars Maegdefessel

October 4th CMM Lecture Hall (L8:00)

Speaker: Tobias Fuchs, Institute of Clinical Chemistry University Medical Center Hamburg-Eppendorf

Title: *Neutrophil extracellular traps – a link between inflammation and thrombosis*

Host: Marie Wahren

October 11th CMM Lecture Hall (L8:00)

Speaker: Dmitri Sviridov, Baker Research Institute, Melbourne

Title: *Infection, Immunity and Atherosclerosis: L'amour des trois maladies*

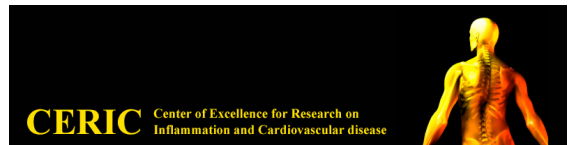

Host: Göran Hansson

October 18th CMM Lecture Hall (L8:00)

Speaker: Hugh Perry, Professor of Experimental Neuropathology, University of Southampton

Title: *The impact of systemic inflammation on the brain in health and disease*

Host: Tomas Olsson

October 25th Hillarp lecture hall, Retzius väg 8

Speaker: Anthony Rosenzweig, Director of Cardiovascular Research and Associate Chief of Cardiology at the Beth Israel Deaconess Medical Center (BIDMC).

Title: *Novel Insights into Cardioprotection and Repair from Models of Exercise*

Host: Jorge Ruas and Pontus Boström

November 1st No Seminar

November 8th CMM Lecture Hall (L8:00)

Speaker: Natalia Landázuri Sáenz, Department of Medicine, Karolinska Institutet

Title: *Stem cell-mediated vascular regeneration after ischemic injury*

Host: Cecilia Söderberg-Naucler

November 15th CMM Lecture Hall (L8:00)

Speaker: Malin Flodström Tullberg, Department of Medicine, Huddinge

Title: *Enteroviruses - a role in the etiopathogenesis of type 1 diabetes?*

Host: Birgitta Agerberth

November 22nd CMM Lecture Hall (L8:00)

Speaker: Min Wan, Department of Medical Biochemistry and Biophysics, Karolinska Institutet

Title: *Antimicrobial peptide LL-37 regulates time-resolved production of eicosanoids by human macrophages-implication for cardiovascular disease*

Host: Jesper Haeggström

November 29th CMM Lecture Hall (L8:00)

Speaker: Jussi Taipale, Department of Biosciences and Nutrition, Karolinska Institutet

Title: *Mechanistic analysis of variants identified using genome-wide association studies*

Host: Marie Wahren

December 6th CMM Lecture Hall (L8:00)

Speaker: Lars Holmgren, Department of Oncology and Pathology, Karolinska Institute

Title: *Mechanical force and vascular function*

Host: Ulf Hedin
