

CERIC seminars Fall 2010

The hosting CERIC Principle Investigators for each seminar date is provided below. The seminars this term will primarily be located in the CMM Seminar Room (L8:00), but some seminars will be in the Rolf Luft Auditorium and some at MBB. All seminars are Thursdays from 16:00-17:00 with refreshments served both before and after the seminar.

September 2nd CMM Seminar Room (L8:00)
Jan Palmblad, Department of Medicine, Karolinska Institutet
Title: *LTB4 – back to the future*
Host: Jesper Haeggström

Friday September 10th CMM Seminar Room (L8:00)
Anne Bouloumie, Institut National de la Santé et de la Recherche Médicale (INSERM)
Title: *Adipose tissue macrophages and lymphocytes: characterization and role in obesity and insulin resistance*
Host: Joanna Chmielewska

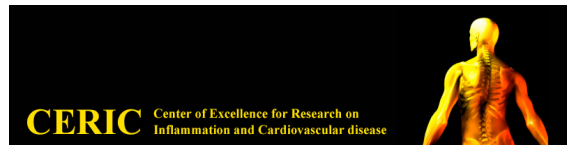

September 16th CMM Seminar Room (L8:00)
Vijay Kuchroo, Center for Neurologic Diseases Brigham and Women's Hospital
Title: *Helper and effector functions of Th17 cells*
Host: Marie Wahren-Herlenius

September 23rd MBB Seminar Room
Jan Wahlström, Division of Respiratory Medicine, Department of Medicine, Karolinska Institutet
Title: *The riddle of sarcoidosis - are we closer to solving it?*
Host: Birgitta Agerbeth

September 30th CMM Seminar Room (L8:00)
Ning Xu, Department of Medicine, Karolinska Institutet
Title: *The role of microRNA 125b in psoriasis*
Host: Mona Stähle

October 7th Rolf Luft Auditorium
Erna Möller, Department of Laboratory Medicine, Karolinska Institutet
Title: *Translational Medicine - What is it all about?*
Host: Cecilia Söderberg-Naucler

October 14th Karolinska Research Lectures At Nobel Forum (start 16:15)
Sir David P. Lane, p53 Lab A-Star Singapore
Title: *Studying the p53 pathway in Zebrafish*
Host: Nobel Foundation

October 21st CMM Seminar Room (L8:00)

John Öhrvik, Atherosclerosis Research Unit and Cardiology Unit, Department of Medicine, Karolinska Institutet

Title: *Factor analysis of the metabolic syndrome identifies two factors with different survival patterns in the elderly*

Host: Anders Hamsten

October 28th CMM Seminar Room (L8:00)

Dr Lynn Williams, Kennedy Institute of Rheumatology, Imperial College, London

Title: *New insights into IL-10 signaling pathways involved in macrophage TNF gene silencing*

Host: Anna Lundberg

November 4th CMM Seminar Room (L8:00)

Lars Klareskog, Department of Medicine, Division of Rheumatology at Karolinska University Hospital

Title: *Relationships between lymphomas and chronic inflammatory diseases, in particular RA; Another case of co-morbidity*

Host: Lars Klareskog

November 11th Karolinska Research Lectures At Nobel Forum (start 16:15)

Bjorn R. Olsen, Department of Cell Biology, Harvard Medical School

Title: *Mechanisms of Proliferation and Involution in Infantile Hemangioma Tumors*

Host: Nobel Foundation

November 18th MBB Seminar Room

Johan Bäcklund, Division of Medical Inflammation Research, Department of Medical Biochemistry and Biophysics, Karolinska Institutet

Title: *Humanized animal models and T cell tolerance*

Host: Rikard Holmdahl

November 25th CMM Seminar Room (L8:00) (Potentially moved to Friday the 26th)

Garrett FitzGerald, University of Pennsylvania

Title: *Prostaglandins in Cardiovascular Biology*

Host: Per-Johan Jakobsson

December 2nd CMM Seminar Room (L8:00)

Pierre Miossec, University of Lyon, France

Title: *IL17 and chronic inflammation*

Host: Marie Wahren-Herlenius

December 9th CMM Seminar Room (L8:00)

Karin Lundberg, Rheumatology Unit, Center for Molecular Medicine, Karolinska Institutet

Title: *Is there a causative link between rheumatoid arthritis and periodontitis?*

Host: Lars Klareskog
